THE HOUSE OF LORDS AND THE DOCTORS.

The House of Lords, in the course of its sitting yesterday, agreed to a resolution that may be described either as a vote of censure or as a self-evident proposition. Lord Heneage called attention to the failure of the Govern-

DEBTORS.

A new legal point of considerable interest arose yesterday at Holbeach County Court. It concerns judgment debtors who have been ordered to pay a specified sum per month towards the extinction of their debts. The obvious effect of the Act is to diminish the means of these debtors by the amount of their insurance contributions. Judge Mulligan considers that this renders necessary a revision of the amounts which they have been ordered to pay as judgment debtors. His Honour, in disposing of the summonses, said :--

2s. to 1s. per month, which constitutes a permanent charge upon his earnings. This charge in substance,

It must also be considered now as to each of these applications to commit. It is an essential element in arriving at the "means" each defendant has at
